

Use of Technology Tools for Interactivity in Synchronous Learning

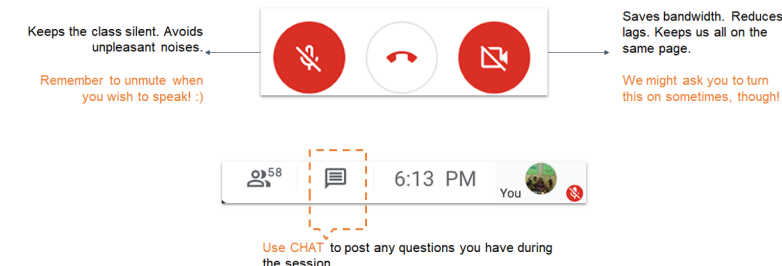

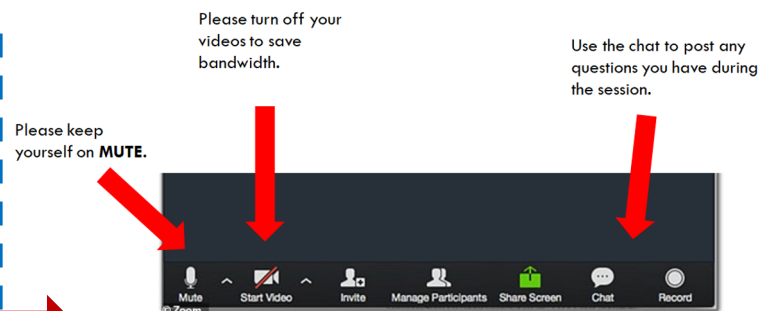

❖ SETTING NORMS

1. NORMS FOR TEACHER-STUDENT INTERACTION

2. MUTE ALL FEATURES

3. TECHNICAL GLITCHES

4. ASKING AND ANSWERING QUESTIONS

- Zoom app in-built features
- Google Meet Mute Tab plugin

Link : [here](#)
Link : [here](#)

- Very clear instructions in the beginning itself of what to do in case of technical issues.
- Turn off video and audio to save bandwidth
- Ensure your internet connection is stable. Do few checks before class.
- Try not to move your device around a lot. It should be stationary.
- Use of speech and chat features
- Use of emoticons, raise hand feature etc.
- Again, using Mute Tab here to control the noise
- Cold Calling
